ABOUT US

Greetings from **Sigma Enterprise!**

Our renowned company was established in the year 2003 to provide economical & end-to-end solutions, systems & services. We at Sigma Enterprise, aim to create a safer, more secure world by protecting people, assets, and properties as we believe in "Safety First Philosophy".

Since 2003, we provide services such as Surveys, Audits, Design & Budgeting, SITC (Supply-Installation-Testing-Commissioning), Maintenance and Fire & Rescue Operation Training.

We have delivered comprehensive fire safety solutions across sectors like healthcare, hospitality, banking, education, low-rise buildings, high-rise buildings, industries, and government projects. Our offerings include fire extinguishers, fire hydrant systems, fire alarm system, sprinkler & smoke detector system, refilling services, safety equipments & signages, industrial safety items, Fire NOC Consultant and Annual Maintenance Contracts.

Our Fire & Rescue Operation basic training equips end users with the skills to operate and maintain installed fire systems effectively. This training provides valuable knowledge, empowering users to respond promptly and tactfully during fire emergencies.

Our Dealing Certificates

ISI Mark (BIS Certification), CE Approval, ANSI, DGMS, UL, MSHA.

OUR MESSAGE TO YOU

**Proactive Fire Prevention Planning is
Better Than Reactive Firefighting Operation**

**Equip your workplace, empower your team—
fire training is the key to safety.**

**A safer tomorrow starts with action today.
Protect your space, your loved ones, and your future.**

**Be fire-smart: One moment of caution can prevent
a lifetime of regret.**
